

Dear Parents/Guardians,

The McGraw Hill math book your child uses in school is now available for you to view online. The website allows you to view and print all of the pages of the book.

Please follow these steps in order to access the website:

1. Go to <http://macmillanmh.com/ose/>
2. Under "Student Login" enter the following access code for your child's grade level:

Grade K: DA15830B8C

Grade 1: D43AE0E259

Grade 2: A5A4B263D4

Grade 3: A961F1087E

Grade 4: C368C71FAD

and then click on "Submit."

*Note: the symbol "0" in the above codes is the numeral zero.
It is not the letter "O".*

3. You should then see the cover of your child's math book.
4. Use the table of contents to look for specific lessons and pages.
