

## **AMENDMENT TO THE PROPOSED CODE OF CONDUCT**

*Adopted by the Bethel Park Board of School Directors at its December 12, 2007 Meeting*

Partisan politics has no place in the conduct of school business. No Board member shall advocate on behalf of a person or vendor because of that person or vendors support of a political party or individual, nor should any person or vendor be given an advantage, real or perceived, due to a relationship with a Board member, staff member, or other influential person in the broader community.
