

Section: Narratives - Needs Assessment

Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

Percentage of LEA Allocation - Required Activities

30% - To address the social, emotional and mental health needs of students

10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.

8% - To address reading remediation and improvement for students

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

	Method used to Understand Each Type of Impact
Social and Emotional Learning	Bess survey, climate survey, student concerns being brought to staff, TEAMS room at 9-12 level
Professional Development for Social and Emotional Learning	Climate survey for staff and students
Reading Remediation and Improvement for Students	The district will utilize the MAP assessment, along with Acadience - in grades K-2 only, to universally screen all students for reading remediation and improvement. MAP and Acadience are given three times a year so that data will be analyzed to determine who needs support and in which specific areas.
Other Learning Loss	The district will utilize the MAP assessment to universally screen all students in grades K-8 for math learning loss . MAP is given three times a year so that data will be analyzed to determine who needs support and in which specific areas.

Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
Children with Disabilities	Reading Remediation and Improvement	We will use funds to provide professional development to teachers in the science of reading so that all students in

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
		the primary grades will get explicit reading instruction.
Children from Low-Income Families	Reading Remediation and Improvement	We will use funds to provide professional development to teachers in the science of reading so that all students in the primary grades will get explicit reading instruction.
Children from Low-Income Families	Other Areas of Learning Loss	We will use funds to provide professional development to teachers and learning experiences to children so that the effects of the Covid pandemic on their learning can be mitigated.
Children with Disabilities	Other Areas of Learning Loss	We will use funds to provide professional development to teachers and learning experiences to children so that the effects of the Covid pandemic on their learning can be mitigated.

Section: Narratives - Learning Loss Program Questions

Learning Loss Program Questions: In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. [Click to download reserve amounts.](#)

*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

Section 3a – Social and Emotional Learning: As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. *(Calculation will populate when you click the Save button)*
 - *This value will be needed in the corresponding budget section.*

	Total LEA Allocation	Multiply by 30% (.30)	Minimum Allocation for SEL
Minimum 30% SEL Requirement	132,087	30%	39,626

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

A nationally recognized school climate survey will be conducted annually to ensure that all stakeholders, including student perceptions of climate, are considered when identifying the strengths and weaknesses of the learning environment.

5. Program/Activities – Please describe the planned program activities and identify the type of activity and the number of students to be served by that activity.

Program Activity	Student Group	Type (Universal, Targeted, Intensive)	Number of Students Served
K-4 Classroom Instruction (ex. Second Step)	Children from Low-Income Families	Universal	1,200
Elementary Character/SEL Activities (ex. Studies Weekly)	Gender	Universal	1,800
TEAMS Room	Children with Disabilities	Intensive	50

6. How will the LEA assess the success of the SEL program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Climate Survey	annual	Areas of previous weakness will be eliminated or diminished
TEAMS Room Student Survey	annual	Students will report that their needs were met by services provided in the TEAMS room

Section 3b – Social and Emotional Learning Professional Development: LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM OF TEN PERCENT (10%)** of funding available through this grant application to support professional development activities and technical assistance for educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students. In this section, LEAs are asked to describe the activities they have designed to address these needs.

7. Calculate 10% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning Professional Development. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 10% (.10)	Minimum Allocation for SEL PD
Minimum 10% SEL PD Requirement	132,087	10%	13,209

8. Describe the planned professional development activities and how the activity will ensure that teachers/staff are equipped with training/support on the following:
- Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;
 - Identifying signs of possible mental health issues and providing culturally relevant support;
 - Motivating students that have been disengaged;
 - Mentoring students who have attendance issues before it becomes a pattern;
 - Self-care and mindfulness strategies for teachers;
 - Engaging and communicating effectively with parents;
 - Working with community agencies to address non-academic needs.

Professional Development Activity	Number of Staff Involved	Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other)	Provider – Who will present the professional development	Is the provider an internal staff member or an outside contractor?	Brief Description of the Planned Activity
g. Working with community agencies to address non-academic needs.	500	Teacher	Persad	External Contractor	Topics surrounding education LBGQT+ students
c. Motivating students that have been disengaged;	400	Teacher	PaTTAN	External Contractor	Providing PD around the MTSS model so that we can implement the model in all of our buildings in order to address the needs of the students.
					Subscription service for our

Professional Development Activity	Number of Staff Involved	Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other)	Provider – Who will present the professional development	Is the provider an internal staff member or an outside contractor?	Brief Description of the Planned Activity
e. Self-care and mindfulness strategies for teachers;	500	Teacher	TeacherFit	External Contractor	staff focusing on adults nutrition, physical and mental health, and stress reduction.

9. How will the LEA assess the success of the SEL professional development? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Act 48 Evaluations	after each session	Teachers will have found use in the session

Section 3c - Reading Improvement for Students:

LEA allocations in Reading improvement should be used to increase the best practice in the implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan [LINK NEEDED](#)

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

10. Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. (Calculation will populate when you click the Save button)

- This value will be needed in the corresponding budget section.

Total LEA Allocation	Multiply by 8% (.08)	Minimum Allocation for Reading

			Improvement
Minimum 8% Reading Improvement Requirement	132,087	8%	10,567

11. What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

Acadience Data for grades K-2. Historically, Kindergarten students have lost ground from the beginning of the year to the end of the year on the Acadience assessment after receiving a year of instruction

12. Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? *Please consider both state PVAAS data and local assessment data

No

Please explain:

After Covid, the scores for the K-2 students' Acadience testing are showing that the percentage of students at or above benchmark at the end of the year, after a year of hybrid, disrupted education, are lower than the percentage of students entering the year at or above benchmark.

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?

Yes

If so, please identify the training, grade level, and number of teachers involved.

Training	Grade Level / ESL / Special Education	Number of Teachers Trained
Apple Group OG in 3D	Interventionalists/Reading Specialists/Special Education -- Grades K-4	20
	K-2	

Training	Grade Level / ESL / Special Education	Number of Teachers Trained
Heggerty Phonemic Awareness	Teachers/Interventionalists/Reading Specialists/Special Education	60
PA Early Literacy Expansion Grant	K-2 Teachers/Interventionalists/Reading Specialists/Special Education	60

14. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Sonday	Children with Disabilities	50	Explicit phonemic awareness program following a specific routine by week for students
Apple Group	Children with Disabilities	40	Students work in small groups with a trained Apple trainer in a multimodal approach to phonemic awareness
Heggerty	Children with Disabilities	10	10 minute daily lessons that are structured into a routine to review phonemic awareness

15. How will the LEA assess the success of the literacy program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Acadience	3 times/year	Students will show growth and/or reach benchmark
MAP Growth	3 times/year	Students will show growth

Section 3d - Other Learning Loss Activities: LEAs are permitted to utilize the remainder of their allocation to support and/or supplement additional efforts being implemented to combat learning loss caused by the COVID-19 pandemic. Please use this section to describe those efforts.

*This value can be **UP TO 52%** of the total allocation, if minimum values were used for other reserves.

16. Calculate 52% of the remaining LEA Allocation **AS A MAXIMUM** amount to fund Other Learning Loss Activities. (Calculation will populate when you click the Save button)

	Total LEA Allocation	Multiply by 52% (.52)	Maximum Allocation for Other Learning Loss Activities
52% Other Learning Loss Activities	132,087	52%	68,685

17. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

Intervention	Student Group	Number of Students Receiving Intervention	Brief Description of Intervention
Math and/or ELA Interventions	Children from Low-Income Families	200	We will use funding to provide professional development for teachers as dictated by the students' needs in the area of mathematics and/or ELA.

18. How will the LEA assess the success of the learning loss activities? Please identify the tool,

frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Act 48 evaluation sheets	after each session	Teachers will find value in the sessions to their ability to provide explicit interventions in the area of mathematics.
MAP Scores	3 times per year	Students will show an increase in RTI
