Use of Student Photos or Comments

The Bethel Park School District provides opportunities for positive media publicity by arranging for reports and/or photographers to interview and/or photograph/videotape students throughout the school year for use in district and local publications, newspapers, television and the internet (District website/Facebook, Instagram, and Twitter pages).

If you prefer that your child **not** be interviewed or photographed for publicity purposes, please fill out the following form and return it to the school office. This will be kept on file for the duration of the upcoming school year. This request will be good only for this school year and will need to be updated annually.

If you have **no objection** to your child being photographed/interviewed/videotaped for publicity purposes, **you do not need to do anything at this time.**

DENIAL OF PERMISSION TO PHOTOGRAPH/INTERVIEW MY CHILD

It is my request that my child not be photographed/interviewed/videotaped for publicity purposes. I understand that this applies only for the current school year and that this request needs to be made in writing every school year.
