

# BETHEL PARK

SCHOOL DISTRICT

January 31, 2022

Dear Bethel Park Families,

***Re: New COVID-19 Reporting Module***

To help us better serve the Bethel Park community, starting **Wednesday, February 2, 2022**, the District will begin streamlining its process for documenting and reporting cases of positive COVID-19 diagnoses, as well as exposures to a positive person, among Bethel Park students and staff.

In the past, we have asked District families and employees to report positive cases and suspected exposures to a dedicated email address. Going forward, students and staff who test positive for COVID-19, as well as those who have been in close contact with an individual who has tested positive for COVID-19, **should complete this COVID-19 Reporting System**. Individuals who are expected to isolate or quarantine, as determined by the submitted responses, will receive an email at the end of the reporting process with specific instructions on the recommended next steps.

All other COVID-19-related questions should continue to be sent to [covidquestions@bphawks.org](mailto:covidquestions@bphawks.org). Also, if your child is exhibiting symptoms that might be consistent with COVID-19, it is strongly recommended that you reach out to your Primary Care Physician or to a local COVID-19 testing center.

We appreciate all of the measures our families continue to take to help keep Bethel Park schools healthy and safe spaces for in-person instruction.

Sincerely,

James Walsh, Ed.D.  
Superintendent, Bethel Park School District
