

BETHEL PARK

SCHOOL DISTRICT

Aug. 31, 2021

Dear Families,

Re: Positive COVID-19 cases reported at Franklin Elementary and Bethel Park High School

Earlier today, it was reported that a student at Benjamin Franklin Elementary School and two more students at Bethel Park High School had tested positive for COVID-19. The most recent any of the students were last in school was Aug. 27.

Bethel Park School District's health and safety protocols mandate that the individual will remain isolated at home until his or her symptoms have abated and he or she has been cleared by a medical professional as being no longer contagious.

If your child tests positive for COVID-19, please notify your child's school nurse as soon as possible.

Sincerely,

James Walsh, Ed.D.
Superintendent, Bethel Park School District
