

BETHEL PARK

SCHOOL DISTRICT

Sept. 13, 2021

Dear Families,

Re: Positive COVID-19 cases reported at multiple BPSD schools

Today, students at William Penn Elementary (1), Neil Armstrong Middle School (2) and Bethel Park High School (6) have each tested positive for COVID-19. Also, staff members who work at George Washington Elementary (1), Lincoln Elementary (1) and Independence Middle School (1) have each tested positive for coronavirus. They were each last in school last week or the week before.

Bethel Park School District's health and safety protocols mandate that the individuals will remain isolated at home until their symptoms have abated and they have been cleared by a medical professional as being no longer contagious.

If your child tests positive for COVID-19, please notify your child's school nurse as soon as possible. Also, if your child is demonstrating any symptoms commonly associated with COVID-19 (fever, headache, muscle or body aches, congestion, loss of taste or smell, etc.), please play it safe and keep them home from school.

Sincerely,

James Walsh, Ed.D.
Superintendent, Bethel Park School District
