

BETHEL PARK

SCHOOL DISTRICT

Sept. 8, 2021

Dear Families,

Re: Positive COVID-19 cases reported at Washington, Penn and BPHS

Today, students at George Washington Elementary (1), William Penn Elementary (3) and Bethel Park High School (2) have each tested positive for COVID-19. Also, a staff member who works in the high school has tested positive for COVID-19. The most recent any of them were last in school was Sept. 3.

Bethel Park School District's health and safety protocols mandate that the individuals will remain isolated at home until their symptoms have abated and they have been cleared by a medical professional as being no longer contagious.

If your child tests positive for COVID-19, please notify your child's school nurse as soon as possible. Also, if your child is demonstrating any symptoms commonly associated with COVID-19 (fever, headache, muscle or body aches, congestion, loss of taste or smell, etc.), please play it safe and keep them home from school.

Sincerely,

James Walsh, Ed.D.
Superintendent, Bethel Park School District
